Information

Product Description

Scan QR Code For Detail

The Antari J-100 is a next-generation jet fog machine designed to elevate stage effects to a whole new level. Equipped with a high-performance turbo fan, the J-100 delivers powerful, directional fog bursts that cut through large venues with precision and intensity.

It combines rugged reliability with a sleek, compact design — making it the ultimate tool for live shows, concerts, theme parks, and touring productions that demand impact, speed, and style.

Experience the force of fog — reimagined, refined, and raised higher with the J-100.

Elevate your stage with Antari SonicJet.
